- Square ruler: 9 ½" or larger
- Rectangular ruler at least 12½" long
- *Optional* square rulers: 3½"; 8"  
The 8 inch square ruler from "That Patchwork Place" is optional though *recommended*
- *Optional* rectangular rulers: 3½" x 14"; 2" x at least 8"  
*Optional = If you happen to have on hand*
- Medium point permanent marker such as a Sharpie
- Scissors, straight pins, rotary cutter, medium-sized rotary mat
- Pen, paper for notes
- Sewing machine set up with a new needle, thread, ¼" presser foot, seam ripper and, if necessary, extension cord
- Recommended book: [Rotary Cutting Revolution](#), C&T Publishing 2010

## Fabric

As many different fabrics as you wish to try. Fabric needn't be strictly light vs dark but a quilt made *entirely* of medium value fabric won't be as effective. Avoid thin white fabric; contrasting fabric may shadow underneath it.

## Preparation

Laundered and **starched** fabric to be cut **in class** into 8" squares. Absolutely, positively, do NOT pre-cut 8" squares at home. You may bring any size pieces of fabric, including miscellaneous scraps, but all must measure at least 8½" on each side. Whether you cut fabric down to 8½" for class depends on what you can comfortably transport to class.

Arrowhead blocks are 9" unfinished; 8½" finished. Two squares of fabric make one block.

**Ironing surfaces** and **Irons** (emptied of water) and **Spray starch** (regular, *not* heavy) are required. Some venues provide ironing stations but, because of electric supply constraints, prohibit personal irons. Please check with the event organizer
